Facility Fees

The facility fee represents the cost for new customers to buy into the present value of the Town's water and sewer system, and cover the Town's anticipated capital improvements to maintain the water and sewer services. **In addition to the facility fee, the town will charge for time and materials to provide the water and/or sewer connection.** If these connections are made by a licensed contractor, the Town may waive the appropriate connection fee amount provided that:

- 1.) The contractor consults with appropriate Town staff prior to the connections being started, and obtains proper permits.
- 2.) The contractor uses Town-approved materials and standard methods, and coordinates construction with Town personnel.
- 3.) The Town inspects the entire connection, utility run, and all materials prior to backfilling by the contractor.
