

Town of Luray

45 East Main Street
P. O. Box 629
Luray, Virginia 22835

November 8, 2021

Addendum #1

Website RFP No. : 21-003

Questions from a Potential Bidder on November 5, 2021

1. Are there any potential roadblocks or disadvantages for offshore development?
2. What is the anticipated budget for this project?
3. What is the expected timeline for this project?
4. What are the Technologies used in the Frontend and Backend side of the current website?
5. What's the CMS used in the current website? Also, is there any preference for a new CMS?
6. Also, could you please provide us a direction on the Integration requirements of any upstream / downstream systems / third party plugins?

Responses from the Town's In-House Staff and IT Consultant on November 8, 2021

1. No known roadblocks
2. No established specific budget at this point
3. Timeline is planned integration by May 1, 2022 after appropriate development and testing
4. Unsure of technologies
5. Unsure, no preferences other than those listed in the RFP
6. Online payment link – PayPal in combination with our AR/AP software from BAI (should not require any integration)
